### Cristo Rey Tampa High School

**B**ank of America Plaza would like to welcome Cristo Rey Tampa High School Students, Jeury Marmol and Luis Parra, who will be working alongside the Banyan Street Capital Management

Staff every Monday and Tuesday as part of the Cristo Rey Corporate Work Study Program. Cristo Rey Tampa High School is a Catholic college preparatory school and work study program sponsored by the Salesians of Don Bosco

Students must be 14 years of age before they begin work for a corporate sponsor. Students participate in an intensive Summer Bridge training, which prepares students in the areas of technology, business etiquette, dressing for success, accuracy, communication and business ethics to name a few. Through this innovative program, students receive a private, college preparatory education, while gaining invaluable real-world work experience from leading corporations and non-profit organizations in the Tampa Bay area.

The Corporate Work Study Program provides students with the opportunity to develop professionally through entry-level jobs at an assigned company. Students work five full days each month with Corporate Partners, who are committed to enrich the lives of students via coaching, mentoring, and supervision. Academic courses are scheduled in cohorts ensuring students never miss class, and Cristo Rey transports students to and from school to the partner work site. The distinctive approach to inner-city education equips students with the knowledge and skills to transform their lives through rigorous academics, four years of work experience, and support to and through college.

The Feeding Tampa Bay Food Drive will run throughout the month of September. An orange wheelbarrow will be located in the 3rd floor lobby. Thank you for your generosity.
